In accordance with recommendation 2.1(b), nominations of new Directors or executives are considered by the full Board. If any vacancies arise on the Board or at executive level, all directors are involved in the search and recruitment of a replacement. Recommendation 3.1

A Listed Entity should:

- (a) Have a code of conduct for its directors, senior executives and employees; and*
- (b) disclose that code of conduct or a summary of it.*

A copy of Lion's Code of Conduct can be found in the Corporate Governance section of the Company's website.

The Board endeavours to ensure that the Directors, officers and employees of the Company act with integrity and observe the highest standards of behaviour and business ethics in relation to their corporate activities. The Code of Conduct sets out the principles, practices, and standards of personal behaviour the Company expects people to adopt in their daily business activities.

All Directors, officers and employees are required to comply with the Code of Conduct. Senior managers are expected to ensure that employees, contractors, consultants, agents and partners under their supervision are aware of the Company's expectations as set out in the Code of Conduct.

All Directors, officers and employees are expected to:

- comply with the law;
- act in the best interests of the Company;
- be responsible and accountable for their actions; and
- observe the ethical principles of fairness, honesty and truthfulness, including prompt disclosure of potential conflicts.

Principle 4 – Safeguard integrity in corporate reporting

Recommendation 4.1

A board of a Listed Entity should:

- (a) have an audit committee which:*
 - i. has at least 3 members, all of whom are non-executive directors and a majority of whom are independent directors; and*
 - ii. is chaired by an independent director, who is not the chair of the board;*

And disclose:

- iii. the charter of the committee*
- iv. the relevant qualifications and experience of the member of the committee; and*
- v. in relation to each reporting period, the number of times the committee met throughout the period and the individual attendances of the member at those meetings; or*
- (b) if it does not have an audit committee, disclose that fact and the processes it employs that independently verify and safeguard the integrity of its corporate reporting, including the processes for the appointment and removal of the external auditor and the rotation of the audit engagement partner.*

Corporate Governance Statement

December 2018

Given the size and scale of the Company's operations the full Board undertakes the role of the Audit Committee. The Audit Committee does not comply with ASX Recommendation 4.1 as the Chair of the Board is Chair of the Audit Committee and, during the whole of the financial year, comprised of one independent Director. The role and responsibilities of the Audit Committee are summarised below.

The Audit Committee is responsible for reviewing the integrity of the Company's financial reporting and overseeing the independence of the external auditors. The Board sets aside time to deal with issues and responsibilities usually delegated to the Audit Committee to ensure the integrity of the financial statements of the Company and the independence of the auditor.

The Board reviews the audited annual and half-year financial statements and any reports which accompany published financial statements and recommends their approval to the members. The Board also reviews annually the appointment of the external auditor, their independence and their fees.

The Board is also responsible for establishing policies on risk oversight and management. The Company has not formed a separate Risk Management Committee due to the size and scale of its operations.

External Auditors

The Company's policy is to appoint external auditors who clearly demonstrate quality and independence. The performance of the external auditor is reviewed annually and applications for tender of external audit services are requested as deemed appropriate, taking into consideration assessment of performance, existing value and tender costs.

An analysis of fees paid to the external auditors, including a break-down of fees for non-audit services, is provided in the notes to the financial statements in the Annual Report.

There is no indemnity provided by the Company to the auditor in respect of any potential liability to third parties.

The external auditor is requested to attend the annual general meeting and be available to answer shareholder questions about the conduct of the audit and preparation and content of the audit report.

Non-audit services provided by the auditors during the year are detailed in the financial statements.

The Board continues to strive to meet the ASX Corporate Governance Principles and Recommendations or other such principles and guidance as the Board may consider appropriate from time to time, however the Board also recognises that complying with the ASX Corporate Governance Principles and Recommendation 4.1 is impractical given the size of the Company and the industry in which it operates. The board consists of five (5) members and therefore the Directors believe, it is sufficient for the full board to assume those responsibilities that are ordinarily assigned to an audit committee.

The risk management framework is reviewed at least annually by the Board.

The Chief Executive Officer and the Chief Financial Officer are required to make a declaration in accordance with section 295A of the Corporations Act that the Company's financial reports present a true and fair view in all material respects of the Company's financial condition and operational results and are in accordance with relevant accounting standards, and to provide assurance that the declaration is founded on a sound system of risk management and internal control, and that the system is operating effectively in all material respects.

The Company's Management periodically undertakes an internal review of financial systems and processes and where systems are considered to require improvement these systems are developed. The Board also considers external reviews of specific areas and monitors the implementation of system improvements.

Corporate Governance Statement

December 2018

Recommendation 7.4

A listed entity should disclose whether it has any material exposure to economic, environmental and social sustainability risks and, if it does, how it manages or intends to manage those risks.

The Company is involved in oil and gas exploration and production and, as such, faces risks inherent to its business, including economic, environmental and social sustainability risks, which may materially impact the Company's ability to create or preserve value for security holders over the short, medium or long term.

One of the Company's core values is safety; it prioritises safety and health to people, the environment and community. The Company views sustainable and responsible business practices as an important long term driver of performance and shareholder value and is committed to transparency, fair dealing, responsible treatment of employees and partners and positive interaction with the community.

(a) have a remuneration committee which:

The Board has not established a separate Remuneration Committee due to the size and scale of its operations. This does not comply with Recommendation 8.1(a) however the Board as a whole takes responsibility for such issues and has adopted a Remuneration Policy which can be found in the Corporate Governance section of the Company's website in accordance with Recommendation 8.1(b).

The responsibilities include setting policies for senior officers remuneration, setting the terms and conditions for the CEO, reviewing and making recommendations on the Company's incentive schemes and superannuation arrangements, reviewing the remuneration of both executive and non-executive directors and undertaking reviews of the CEO's performance.

Corporate Governance Statement

December 2018

The board policy is to remunerate Directors at market rates for time, commitment and responsibilities. The Board determines payments to the Directors and reviews their remuneration annually, based on market practice, duties and accountability. Independent external advice is sought when required. Fees for Non-Executive Directors are not linked to the performance of the consolidated entity. However, to align Directors' interests with shareholders' interests, the Directors are encouraged to hold shares in the Company.

The Company's aim is to remunerate at a level that will attract and retain high-calibre directors and employees. Company officers and Directors are remunerated to a level consistent with the size of the Company.

The Board believes that it has implemented suitable practices and procedures that are appropriate for an organisation of this size and maturity.

In accordance with best practice corporate governance, the structure of Non-Executive Director and Executive compensation is separate and distinct.

In determining remuneration, the Board has taken a view that the full Board will hold special meetings or sessions as required. The Board are confident that this process for determining remuneration is stringent and full details of remuneration policies and remuneration received by directors and executives in the current period is contained in the "Remuneration Report" within the Directors' Report of the Annual Report.

Recommendation 8.2

A listed entity should separately disclose its policies and practices regarding the remuneration of non-executive directors and the remuneration of executive directors and other senior executives.

A copy of the Remuneration Policy can be found in the Corporate Governance section of the Company's website.

The Company has structured the remuneration of its senior executives, where applicable, such that it comprises a fixed salary, statutory superannuation and participation in either the Company's Employee Share and/or Company Incentive Option Plans. The Company believes that by remunerating senior executives in this manner it rewards them for performance and aligns their interests with those of shareholders and increases the Company's performance.

Non-executive directors are paid their director fees out of the maximum aggregate amount to be approved by shareholders for non-executive director remuneration. In addition non-executive directors may receive some additional fees related to work that is considered in excess of their director duties at rates approved by Executive Directors. Total non-executive remuneration will be disclosed in the Company annual report. The Company does not necessarily adhere to guidelines for non-executive director remuneration including in respect of non-executive directors receiving options with performance hurdles. The Company has previously granted options to non-executive directors and, potentially, will do so in the future. The Board is of the view that options, and also direct issue of shares, in the Company (to both executive and non-executive directors) are a non-cash, cost effective benefit for small companies such as Lion that seek to conserve cash reserves.

Corporate Governance Statement

December 2018

The Remuneration Report contained in the Annual Report outlines the Director and executive remuneration arrangements of the Company in accordance with the requirements of the *Corporations Act 2001* and the Corporations Regulations. It also provides the remuneration disclosure required by AASB 124 Related Party Disclosures.

There are no schemes for retirement benefits, other than superannuation, for Non-Executive Directors, where applicable.

Recommendation 8.3

- (a) have a policy on whether participants are permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme; and*
- (b) disclose that policy or a summary of it.*

In order to conserve cash and align staff, advisors and consultants, the Company from time to time issues Lion shares as part of total compensation for work or services undertaken as agreed in individual agreements. The shares issued are within approved limits from shareholders at the preceding annual general meeting. Lion has adopted a Share Trading Policy that all participants in an equity based remuneration scheme are not allowed to use derivatives which hedge against the equity position provided via the equity based remuneration scheme. A copy of the Share Trading Policy can be found on the Corporate Governance home page on the Company's website.
